

## **Final service thoughts**

Here are some additional suggestions on things you may want to write down and have included in the planning of your final service:

- Describe your faith
- What would you like to be said about you?
- What would you like to tell your loved ones?
- Is there a story you would like to have told about you?
- What is the greatest gift you received in your life? And, how did you pass that along?
- Do you have any final instructions or encouragement to your family?
